FURTHER INFORMATION

¹ Recommended Retail Price (RRP). Prices subject to change and does not include retailer charges.

² Motion Clarity Index (MCI) is a dynamic indicator of the clarity of fast moving objects on LG TVs. MCI incorporates the panel frame rate, motion interpolation image processing and backlight scanning technology – all of which work together to reduce blur in fast moving video content like action movies and sports.

³ Internet connection required. Internet usage charges and conditions apply. Adobe Flash plug-in is not compatible.

⁴ Voice recognition feature is not available in all languages and dialects. Actual performance may vary depending on the language spoken and surrounding environment including ambient noise.

⁵ Miracast compatible Android device required for this feature.

⁶ MHL enabled Android Smartphone or Tablet & MHL cable required (sold separately).

⁷ Dedicated USB Hard Drive (min. 40GB) required for longer recordings and live playback function (sold separately). Internal Memory capacity is 4.2GB.

⁸ Intel WiDi enabled PC must be in range of the TV.

⁹ LG TV Remote - webOS¹ on compatible Android devices (Android 4.0+) and iOS devices (iOS 6.1+). Phone must be in range, on the same Wi-Fi network as the TV.

¹⁰ Some brands not supported, check product for details.

¹⁰ Uses Bluetooth 3.0 technology to send audio to compatible LG home audio products *HbbTV is a web based broadcast.

All product specifications correct at time of printing. Specifications may change without prior notice. Customers are advised to check with your retailer before purchase.

4K Ultra HD TV on the 98" Gigantic Screen

Enjoy a breathtaking viewing experience with incredibly clear vision on a gigantic screen. Featuring over 8 million pixels and four times the definition of Full HD, viewers will notice the 4K Ultra HD difference, now available at a screen size previously only available using a projector. The combination of the huge IPS Panel and multi-zone local dimming LEDs provide an amazingly clear, lifelike image with enhanced contrast. The Ultra HD Engine Pro powerfully upscales content for clearer and more striking images. The multi-speaker sound system, slides down from behind the screen to deliver sound, designed by harman/kardon, that is as impressive as its looks. This Smart TV is powered by LG's webOS operating system providing quick and simple access to the content you love most. Purchasing the 98UB980T is an investment in magnificent picture quality. With LG, Life's Good.

** Ultra HD broadcasting not available in Australia. 4K Ultra HD content is available from other sources.*

Sliding Speaker

When the TV is powered ON, the motorised Soundbar slides down and then slides away when the TV is powered OFF.

Gigantic Screen

Enlarge your viewing enjoyment with a 98" (2.5m) screen that's sure to fill your lounge room with immersive action.

Sound Designed by **harman/kardon®**

Premium Sound System

LG's premium TV series boasts highly refined sound quality, realised in collaboration with harman/kardon®, one of the leading audio solutions in the industry.
