

CordZero™

Strong & Powerful Cordless Vacuum

The LG Cordless Collection

SEONG-JIN JO
President and CEO / H&A Company

LG Electronics proudly introduces an innovative range of cordless vacuum cleaners to Australia.

We began research into LG CordZero at the beginning of 2000. Over relentless hours of research and development we were able to engineer a lineup of cordless vacuum cleaners.

At LG our commitment is to provide consumers with convenient products that help make their lives easier.

Discover the freedom of cordless technology.

Jo Seong Jin

President and CEO
Home Appliance & Air Solution Company

ENJOY CORDLESS FREEDOM

No cords means that you can now clean with less interruptions.

FEWER BARRIERS DURING CLEANING

No cords means that you are free from tangling, tripping, bending to unplug and replug the cord.

FEWER LIMITS WHERE YOU CAN CLEAN

No need for a power source means that you have the freedom to clean in unconventional areas.

LESS TIME WASTED

No need to unplug and replug the cord helps reduce the overall time spent cleaning.

STRONG & POWERFUL PERFORMANCE

Thanks to the Smart Inverter Motor, Lithium-Ion battery and long lasting suction.

SMART INVERTER MOTOR™

The LG CordZero™ canister is a strong and powerful cordless vacuum cleaner which features the smart designed Smart Inverter Motor™ to deliver powerful performance, and durability.

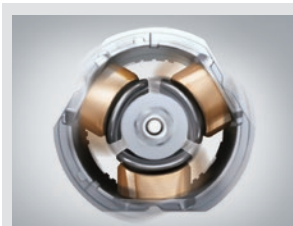

Carbon brush friction points

Cleaning Performance

Carpet cleaning performance is 81.8% for the LG cordless canister vacuum.

LG VR94070NCAQ* **81.8%**

Dyson DC54** 52.1%

Witness tested by [Intertek](#) (based on IEC Standard except non aging timing)

* LG Model tested VK9401LHAN equivalent to VR94070NCAQ

** Dyson 52 (DC54 in UK/Australia)

POWERPACK™ 80V

80V embedded Powerpack - Lithium-Ion Battery
40 Minutes Run Time in Minimum Mode.

Experience Cordless Freedom

The 80V embedded PowerPack ensures a running time of up to 40 minutes in minimum mode. Not having to unplug and replug the cord helps reduce the overall time spent cleaning.

ADDITIONAL FEATURES ON VR94070NCAQ

LG KOMPRESSOR™

Unique Motorised Dust Compression Technology.

Up to 3 times more capacity with the compression system than a standard dust bin

LG Kompressor™

Easy Emptying with Less Mess

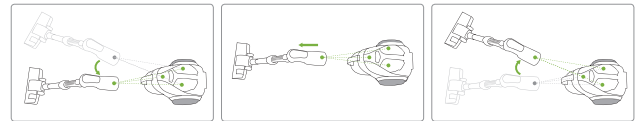

RoboSense™

Unique Automatic Following Technology is based on location recognition.

Automatic Following Technology

The vacuum cleaner follows automatically when the distance between the handle and canister reaches one metre.

2-in-1 Upholstery and Dusting Brush

The accessory features a 2-in-1 tool which includes a built-in brush.

LG CordZero™

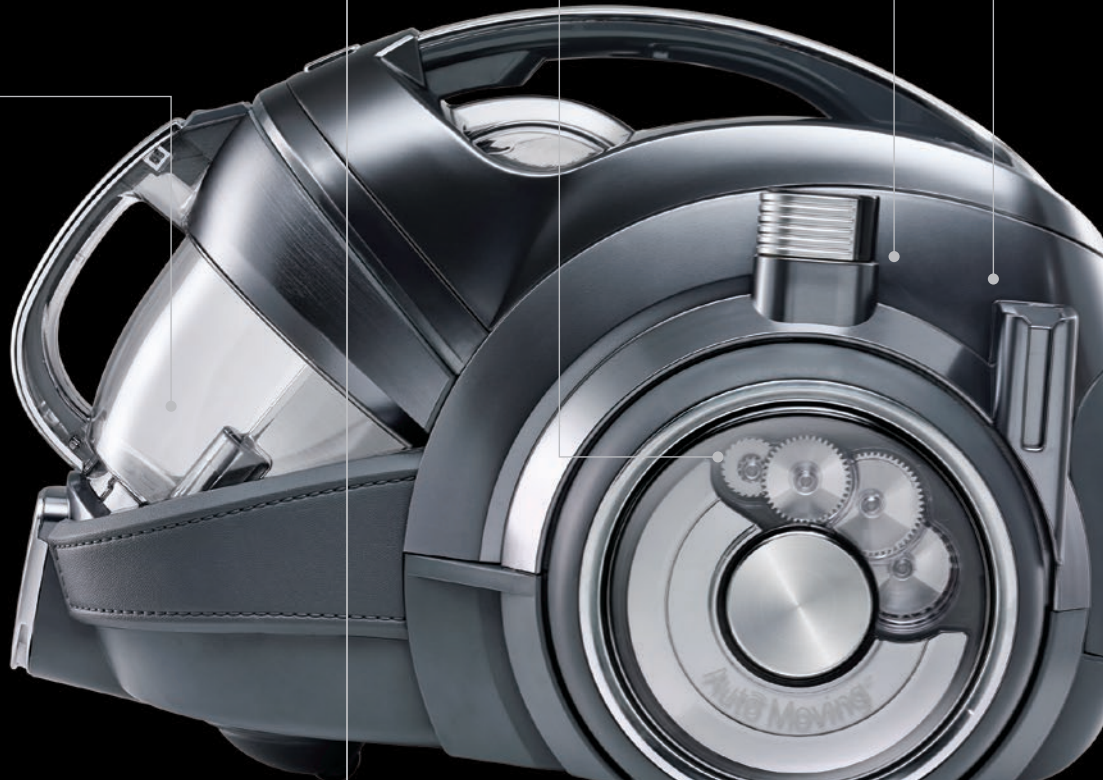

SMART INVERTER MOTOR™

- Powerful performance and durable
- 10 year parts warranty on the motor

KOMPRESSOR™

- Long Lasting Suction Power
- Pick up more, empty less
- Dust compression technology
- 10 year parts warranty

RoboSense™

- Automatic Following Technology

80V LITHIUM-ION BATTERY

- Embedded 80V Battery
- 81.8% carpet pick-up
- 40 min running time (Minimum mode)
- 17min running time (Power mode)

4 stage Carbon HEPA Filter

VR94070NCAQ

- Carpet Pick-up* : 81.8%
- Running Time : 40min (Minimum mode), 25min (Regular mode), 17min (Power mode)
- RoboSense™ (Automatic Following System)
- Kompressor™ Dust Compression System
- 4 Stage Carbon HEPA Filter
