Launch Details

Available: May 2015
RRP^: $799

The exciting PH300 offers High Definition picture resolution and a long lasting LED light source. The rechargeable battery allows for up to 2.5 hours* of fully portable use - great for parties, video gaming, holidays or a spontaneous movie night. You can display up to a 100" screen from only 3.75m away! In addition to the HDMI and DivX HD inputs, you can also connect MHL enabled devices directly to the projector - such a great range of connectivity options.

*When operating in Maximum Energy Saving Mode.

Long Lasting LED Light Source

The MiniBeam's LED light source is durable and lasts up to 30,000 hours, that equates to 4 hours use a day for 20 years! With a fast power-up the MiniBeam is ready to use within 10 seconds. The MiniBeam's low heat emission allows you to turn it off and pack it away quickly.

Compact Size

The PH300 MiniBeam is compact in size making it great for sharing multimedia with friends and family virtually anywhere. View content on the big screen at parties, on holidays and spontaneous movie nights.

Built-In Rechargeable Battery

The MiniBeam PH300 includes a built in rechargeable battery that allows fully portable use for up to 2 ½ hours*.

* When operating in Maximum Energy Saving Mode.
